NOTICE OF PRIVACY PRACTICES AND PATIENT CONSENT FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION

____ _____/_____/__________

Patient Name Date

I understand that under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), I have certain Patient Rights regarding my protected health information. I understand that MCIH may use or disclose my protected health information for treatment, payment or health care operations – which means for providing health care to me, the patient, handling billing and payment, and taking care of other health care operations. Unless required by law, there will be no other uses and disclosures of this information without my authorization.

MCIH has a detailed document called the Notice of Privacy Practices. It contains a more complete description of your rights to privacy and how we may use and disclose protected health information.

I understand that I have the right to read the Notice before signing this agreement. If I ask, MCIH will provide me with the most current Notice of Privacy Practices.

My signature below indicates that I have been given the chance to review such copy of the Notice of Privacy Practices. My signature means that I agree to allow MCIH to use and disclose my protected health information to carry out treatment, payment and health care operations. I have the right to revoke this consent in writing at any time, except to the extent that MCIH has taken action relying on this consent.

____ _____/_____/__________

Signature (Patient or Legal Custodian/Authorized Representative) Date

____ _____/_____/__________

Relationship to Patient (if signed by another party) Date

You may obtain a copy of our Notice of Privacy Practices, including any revisions of our Notice, at any time by contacting MCIH 129 South Winter Street Midway, KY 40347 859-846-4445.

THE MIDWAY CENTER
FOR INTEGRATIVE HEALTH

INTEGRATIVE CARE CONSENT FORM

Our office offers nutritional care support through ideas on nutrition and nutrients to support health. Nutrients that are utilized include vitamins, minerals, amino acids, and herbs. These nutrients are not specifically approved by the Food and Drug Administration for any medical condition. As with pharmaceutical treatment, there can be side effects to these approaches and interactions with medicine that could be life threatening, cause morbidity, or lead to hospitalization. By signing this form, the patient is acknowledging that these could occur and pledges to seek immediate care if there is concern, for example if bleeding should occur. The decision to use nutrients is the responsibility of the patient, and the patient is encouraged to educate themselves as much as possible about any nutrients that are mentioned by the practitioner prior to use. I, the undersigned, assume all responsibility for decisions I make regarding use of nutrients, recognizing that a) no claims are made that dietary, nutritional or herbal recommendations can treat or cure any medical condition, b) all recommendations are given for informational purposes only c) there is no implied or stated guarantee of success or effectiveness of any specific dietary nutritional or herbal recommendations d) I am free to act upon or disregard the recommendations of James P. Roach, Gwen Carnegie NP, and Leah Lange NP as I so choose. I hereby release James P. Roach MD, Gwen Carnegie NP, and Leah Lange NP from all responsibility for my actions and any consequences thereof in the present time and in the future with no constraints. I hereby affirm that I consent and agree to the above statements of my own free will and request to engage the services of the team including any one of these practitioners to participate in a professional relationship with them pursuant to the statement herein. Due to the potential for interaction with medicine, we recommend that you keep other healthcare providers informed of nutrients that you take. While it is our belief that nutrient support is generally beneficial in conjunction with cancer therapies such as chemotherapy or radiation, it is recommended that you discuss this with your oncologist before deciding on use during these, or other, treatments. We strive to make you aware of all options for your care including prescription treatments so please tell us if that is the approach you wish to take and disregard nutrient recommendations.

Our office rarely uses scheduled prescription drugs; please seek another practitioner if you feel you require use of these medicines.
